GroupSave Fares are now available on Evolvi

People booking on Evolvi can now get automatic access to GroupSave Fares. Fares will automatically be offered if the fare is better than that provided by any applied rail card or corporate discount.

Grahame Weeks, Chairman of Harry Weeks Travel commented: 'Our philosophy is to ensure our systems maximise the savings to our customers. With the introduction of GroupSave Fares we feel we have added functionality that leads the way in providing the best possible price to the traveller.'

Group Save Fares will be offered to all existing Evolvi users from 12 December 2007. Evolvi is a rail booking system developed by Harry Weeks Travel.

Notes to editors: GroupSave fares include Group Save 3, Group Save 4 and Group Save Wales.
